

Dear Headteachers,

### **RE: Initial Teacher Training Development**

As you are hopefully aware, the Swaledale Alliance has entered a new partnership with Red Kite Teacher Training to extend the Initial Teacher Training (ITT) offer within the Alliance and surrounding areas. This is an additional offer for ITT and enhances that which is already in place via High Force Education SCITT, where a small hub of 4-6 trainees undertake their teacher training each year from the Synergy Schools Federation (Brompton-on-Swale and Crakehall CE Primary Schools). The two providers will be working in partnership to provide the Alliance's ITT strategy from next academic year.

Each year, approximately 15-20 newly qualified teachers (soon to be renamed 'Early Career Teachers') are employed by schools in our area. This new partnership will ensure that we are training a similar number to that which gains employment in our schools.

From September 2021, an additional training venue for ITT trainees will operate from Alverton Primary School, Northallerton. This will be known as the Red Kite ITT Training Venue where trainees will attend training sessions throughout the academic year.

As part of the programme, trainees will undertake two school-based placements where they will develop their practice. Currently, several schools within the Alliance provide training placements for a range of providers. From September 2021, we are seeking schools willing to support trainees through the Red Kite programme supported by the Alliance. Any offers of support would be gladly received and this does not restrict you in offering placements with other training providers, including High Force.

A feature of the Red Kite programme is the opportunity to provide high quality training for the trainees delivered by current teachers with a particular area of expertise. We currently have several colleagues in our local schools who are already involved in facilitating training for trainees and hope that they will be involved in this programme. If you are aware of any colleagues that have an area of specialism and would like to be considered as a facilitator then we are seeking expressions of interest.

### **What are we asking?**
